HOLIDAY
ORNAMENT

1. Print this PDF on a color printer.
2. Cut along all solid lines.
3. Fold along the dotted lines, creasing in the same direction. (Heavy papers will need scoring.)
4. Assemble without glue to check the shape. Use glue or tape as you go starting at the top left and finishing with the bottom right (the piece with the circle).
5. Punch or cut out the circle, put ribbon or thread through the hole exiting at the corner it is nearest.
6. Attach the final tabs of the last piece (using a nail file can help).
7. Hang and enjoy!
